## BYFA 8 Week Player Development Program During October to November 2019

Dear Parents and Players

BYFA invites Boys and Girls to enrol into our Football player development program, which begins on **Sunday 06<sup>th</sup> October through to 24<sup>th</sup> November 2019**.

The program will suit players between the ages of U8 – U17 at any level of skill development. All that is required of players is a good attitude to training and a strong desire to improve skill and technical ability.

BYSC Player Development Programs have enjoyed great success over the last 18 years. This success has been built upon two specific needs:

1. Many players are disadvantaged in the club system by not having access to experienced coaches at the earliest stages of their skill development. As a result they fall behind through no fault of their own.
2. Many players seek additional coaching over and above club team training to advance their skills, pursue higher levels of competition and increase their enjoyment of the sport. Furthermore, player development programs have a beneficial affect on long-term participation.
3. Goal Keepers are encouraged to attend the program to improve their Footballing skills, required for the modern game.

**Please Note:** Unfortunately we will not be able make up sessions, if Fields are closed due to rain, for field and weather check Redcliffe PCYC Dolphins Soccer Club Facebook page.
